## CITY MANAGER MAKES ANNUAL REPORT

**Recommends Reduction of Tax Rate  
.. And Increase of Some City Sal-  
aries. Interesting Statistics**

At the session of the City Trustees last week, the City Manager presented an estimate of the expense account for the ensuing year, which included a recommendation of a raise in salaries of city employes amounting to \$220 a month. Also it was urged that the tax rate be placed at 95 cents, a reduction of 5 cents from last year in the general tax rate.

The estimated assessed valuation of property was placed at \$7,632,670, which would make the general revenue \$72,510.37, and miscellaneous revenue from other sources would bring a total of \$91,378.62.

Manager Watson separates the expenditures into five divisions as follows: General government, \$20,770.34; public welfare, \$18,166.58; public safety, \$28,292.38; public works, \$20,362.90; reserve fund, \$3,785.62.

The report calls for the planting of 2000 trees and the pruning and caring for 12,000 now in the municipal nursery. Provision is also made for the reconstruction and resurfacing of approximately five miles of street and the maintenance of all streets in good condition.

Concerning the assessment and collection of taxes the report says: "In event it is decided to have the County of Los Angeles make the assessment and collect the taxes for the fiscal year beginning July 30, 1919, no allowance will be necessary for this budget, as Los Angeles County will deduct from the taxes collected for that year

## TROPICO, OR SOUTH GLENDALE

By Editor of The Californians

One page of the Glendale Souvenir Number of "The Californians" is reserved for TROPICO. This is part of what it tells:

No more peacefully historic spot in the matchless San Fernando Valley than TROPICO. As a town it was first Etheldene, then Mason. Next, it became a part of Glendale. Later it went it alone as Tropico, a thriving city. Now, it has again pooled its prosperity with Glendale, The Beautiful—itself none the less lovely.

It is the essential Western Gateway of Greater Glendale into Hollywood; and the Southern Gateway along Brand Boulevard, the Paramount Grand White Way, over Ivanhoe Bridge across the Los Angeles River, into the most picturesque section of Los Angeles.

Tropico is noted for its lovely drives, its beautiful homes, its charming society, and its profusion of fruits, flowers and foliage.

It has just the right climate for such a wealth of natural lure and munificence; its glorious sunshine tempered by cooling winds moisture-laden from San Fernando mountains and the blue Pacific.

Its few fortunate fogs are a protection meriting gratitude, rather than a menace to be dreaded.

Well drained, or easily drained, by the Los Angeles River, it should ever be a wholesome place of residence.

Tropico, in addition to its large home-building area, is favored by a spacious district along the river, which, some great day, when fuel and smoke problems are satisfactorily solved by electricity, will make that

## MRS. ANNIE CURTIS APPOINTED SUPERINTENDENT OF PLAYGROUND

John A. Logan and Mrs. E. V. Bacon, commissioners for the Municipal playground at the Magnolia school on San Fernando road, have appointed Mrs. Annie Curtis supervisor of that playground, which will be open six afternoons in the week. In addition to supervising the play, Mrs. Curtis will direct Junior Red Cross with the assistance of the mothers of the girls, who are urged to come with their daughters.

If there is a sufficient demand, W. D. Harkness, Playground Director at the Intermediate school, will direct Sloyd work in the Manual Arts Department of the Cerritos school Tuesday and Thursday afternoons. Parents who wish their children to do this work should communicate with Mr. Harkness or Mrs. Curtis without delay. It will be a splendid opportunity for boys not otherwise employed to perfect their knowledge of the use of tools and acquire skill in wood-working.

part of Tropico one of the most important manufacturing districts of Greater Glendale.

Tropico now has three railroads, the Southern Pacific, the Salt Lake, and the Pacific Electric.

Its schools and churches are prosperously growing.

With Post Office, Public Library Fire Department and other civic conveniences, not counting good roadways galore, and streets well oiled and lighted, with cheap but fine water, light and gas service, Tropico is a safe part of Greater Glendale in which to invest a small or large amount, "then watch it grow."

The candidates are getting busy with their petitions, in order to be in readiness for the Primary Election, which is held on August 27th. Friends of Thomas Lee Woolwine, who is a candidate for the Democratic nomination for governor, and Judge Reeves, who is a candidate for re-election, have been circulating their nominating petitions in this locality.

The Herald office acknowledges a pleasant call, Wednesday, from Bro. Wickizer, of the South Pasadena Record and Montaville Flowers of Monrovia, in the interest of Mr. Flowers' candidacy for the Republican nomination for Congress from this, the Ninth District.

Mr. Flowers has been a citizen of Monrovia for ten years, and the Daily News of that place speaks very highly of his ability and patriotism. From our short personal interview we were most favorably impressed, and while personally we are a "Randall Man," we believe our republican friends will find Mr. Flowers their strongest candidate.

## NATIONAL BANKS REQUIRED TO MAKE FREQUENT REPORTS

Uncle Sam keeps our National Banks busy making out reports these strenuous times. During the past year he has called for a report about every two months. Through this channel he keeps a close eye on the different Liberty Loans and all other government transactions, as shown by a community's financial barometer, its National Bank.

On another page of the Herald you will find the report of the First National Bank of Tropico, which shows the high commercial standing of that institution and its steady growth. It is an interesting report, and deserves your careful consideration, as it shows not only the strength of the bank, but the resources of our local citizens.

## THE REPORTS OF THE TRUSTEES' PROCEEDINGS

The Glendale Trustees are kept busy attending to the various needs of our city, and the meetings are replete with interest to the average citizen-taxpayer.

But that person can not and does not take time to attend these meetings and learn for himself what is going on in our city councils, he must depend upon the report of "The Council Proceedings" as furnished to our city papers for publication, and that is just where we want to register a forceful criticism. When we read the "Council Proceedings" we want to know what was done. If a certain numbered resolution was passed, we want to know the gist of that resolution, otherwise the report is useless.

Take for instance the report of the meeting of July 5th. We are told that the City Manager presented the annual budget for the forthcoming year (that is, the estimate of the amount of money needed for the various departments and the tax rate necessary to raise the same), and that it was adopted, but not a figure to show what or how much. (The figures given elsewhere in this issue of the Herald came from an entirely different source.)

Then there were two resolutions passed, one fixing the pay of the "daily laborers" of the city, and the other that of certain officials, but not a line showing how much.

Then the ordinance renaming certain streets was passed, but we defy any reader of the "transactions" to know just what streets have been renamed and what.

In fact, there were only three definite transactions recorded for that evening, one a motion made by Trustee Shaw and seconded by Trustee Henry, "that the city taxes be as-

sessed and collected by the county," which was adopted on roll call, Trustee Woodberry casting the only opposing vote (This saves the city at least \$450 annually, and could be invested in Liberty Bonds if we have no other use for it).

Then the petition for the annexation of the Sycamore Canyon District was declared insufficient, and the ordinance approving the annexation of the Kenilworth District was passed, and

"On motion of Trustee Shaw, it was ordered that the sum of \$90.00 be appropriated from the advertising and Promotion Fund for keeping open during the summer the playgrounds at Magnolia avenue school."

"On motion of Trustee Shaw, a committee consisting of John A. Logan and Emma V. Bacon was appointed to have control of the above playground."

Yes, we want the report of the Trustees' meetings, but we want them more complete, so that we can know what is being done, it will take time on somebody's part and space in our papers, but it will pay all concerned.

Remember, those boys in France are YOUR boys. Do YOUR bit in saving food and they will get THEIR bite.

## PATRIOTIC MEETING FOR PUBLIC

Judge McCormick to Speak

A public dedication of the beautiful service flag tendered by the women of the Holy Family Catholic Church will be held next Sunday, July 14th, France's national holiday, in the Palace Grand Theatre at 4:15 o'clock, to which everybody is invited.

A street parade is planned from the church to the theatre to include Knights of Columbus and men of the parish, Boy Scouts and Children and the Elk's Patrol will act as official escort. Marchers will meet at the church at 3:30, and autos will be furnished for the ladies.

After a prayer for our President and Boys in service, by the Rev. James O'Neill, Glendale will have the pleasure of an address by the Honorable Paul J. McCormick, Judge of the Superior Court.

Stephan A. Gavin of the U. S. Government service will also speak, and he has prepared a stirring address on "France and her Aid to the Young Republic."

Miss Viola Yorba will render "Joan of Arc," and Mr. John S. McGroarty, California's poet and author of the Mission Play, will preside.

Following are the names of the boys of the parish who have joined in service of the ideal that liberty shall not perish from the earth:

BATHING SUIT PARADE, SEAL  
BEACH, JULY 14

More than forty film favorites, attired in the very latest thought in

bathing suit models, will feature the Second Annual Bathing Suit Parade at Seal Beach Sunday. The prettiest girls from all the leading motion picture companies in and around Los Angeles have entered the contest to compete for the \$200 in cash prizes offered by the management. Most of the girls have had bathing suits designed especially for this event taxing the ingenuity of the makers.

A motion picture will be made of the parade and of the crowd. This gives everyone an opportunity to get into the movies. It will be one of the biggest events of the season at Seal Beach—the beach without an undertow.

On the Fourth of July more than 50,000 persons were entertained at Seal Beach without an accident or disturbance of any kind to mar the pleasure.

## PROCEEDINGS OF BOARD OF TRUSTEES

The Board of Trustees met in regular session July 11, 1918. All members present at roll call. The minutes of the last regular meeting were read, and owing to a clerical error on page 531, action on the same was deferred for one week.

Mr. C. E. Stanley addressed the Board calling attention to two eucalyptus trees in the parkway on Everett Street North of Broadway, which in his opinion should be removed. Referred to the Public Works Committee to report at the next meeting.

City Clerk reported receipt of a statement from the General Pipe Line Company of California in compliance with Ordinance No. 165, granting an oil pipe franchise to F. E. Fitzpatrick; the statement being accompanied by a check for \$23.23, being the two per cent. He further reported that the check had been turned over to the Treasurer.

Communication was read from the American La France Fire Engine Company asking permission to eliminate the rear end suction connection from the motor combination pumping engine and hose now under construction for the City of Glendale.

A communication was read from Mr. A. C. Robinson, making a demand upon the City Trustees for the payment of a certain sum of money claiming to be due for water pipe alleged to be owned by the claimant which had been taken possession of by the City of Glendale. The City Attorney stated that Mr. L. C. Brand, from whom the system containing this pipe had been purchased, had agreed to defend and make good the title of the City to the property. The matter was referred to the City Attorney to take up with Mr. Brand.

An application from Elmer E. McQuivey for permission to sell milk at 1.01 Ivy Street, was granted.

The application of Alfred M. Land for permission to hunt rabbits within the City of Glendale was granted.

Report of the Tax Collector for the week ending July 11th was received.

The City Manager called the attention of the Board to the effect that at the next regular meeting, July 18th, the hearing of protests in the matter of opening and widening Sycamore Canyon Road will come up.

The City Manager presented a communication giving certain statistics and information in regard to the vacant lots of the City. The following motion was adopted, that the sum of \$958.18 be transferred from the General fund to the Account carried on the books for the year 1917-18 as the lot cleaning fund, in order to balance the said account on the books.

The City Manager presented a report giving results of conferences and correspondence with Los Angeles County and Pacific Electric Railway Company officials in regard to the realignment of a portion of the Verdugo Wash channel and the building of new bridges on the Pacific Electric Company's Burbank line, eliminating the present trestle bridge which crosses the channel diagonally between Brand Boulevard and Central Avenue. He stated that the Board of Supervisors have appropriated the sum of \$20,000.00 for the construction of the new bridges for the roadways of Brand Boulevard, and that the Flood Control Engineer for the County and the Pacific Electric Company's engineer have agreed on plans for the realignment of wash channel and relocation of railroad tracks. The total sum to be expended consists of \$20,000.00 by the County for the Brand Boulevard Bridge, \$20,000.00 by the Flood Control District for excavating the new channel and placing protection work thereon, and over \$30,000.00 by the Pacific Electric Company for new bridges and realignment of railroad tracks. The communication expressed the opinion that if no difficulty is encountered in the sale of Flood Control Bonds, the entire project may be completed before the coming season. On motion of Trustee Shaw, the City Engineer was instructed to draw up certain deeds referred to in the Manager's communication and to secure deeds from the Pacific Electric Railway Company.

The City Manager reported that the house damaged by fire at 1530 Vine Street will be rebuilt, while another damaged structure complained of on Columbus Avenue near Park Avenue, will be torn down in the near future.

The Manager of the Public Service Department made a report on the water supply for the territory recently annexed to the City along West Broadway, and Trustee Shaw had read and offered the following resolution, which was adopted:

"That the Manager of the Public Service Department be authorized to supply water to the property along that part of West Broadway in the Kenilworth Annexation District, as soon as the same becomes a part of the City; provided he can obtain, without expense to the City, a conveyance to the City of pipe lines by which said property is now served with water, and finds said pipe line sufficient for that purpose." City Engineer presented a map of Tract No. 332., together with a Resolution approving the same, which was, on motion adopted.

Trustee Muhleman introduced an ordinance which had been prepared by the City Engineer, providing for numbering of streets.

The City Attorney stated that in view of the hearing by the Railroad Commission on August 20th on the

valuation of the property of the Southern California Gas Company, that it would be advisable to go before the Capital Issues Committee with a request for permission to levy a bond issue. On motion, the City Attorney was authorized to prepare an application for such permission. On motion, it was ordered that the sum of \$1000.00 be transferred from the Public Service Fund to the General Fund.

The Finance Committee reported in reference to the application of Francy and Lee for refund of money paid on Lot 78, Glendale Park Tract, that there seems to be no legal way in which the request can be complied with, and, therefore, recommended that the same be denied. On motion of Trustee Muhleman, the recommendation of the Committee was concurred in and the application denied. Adjourned.

taining work as a cook, and finds that she is so good looking that the housewives all pass her up because such a good looking girl could not possibly be a good cook. She solves the question by assuming the guise of a girl just over from Sweden, and the fun

begins. Don't miss it. There will also be a Mutt and Jeff cartoon comedy and Bruce's wonder outdoor pictures. Children's matinee at 2:30, evening shows at 6:45 and 8:45.

Sunday's program will be a special offering direct from Broadway, the famous Dolly sisters appearing in "The Million Dollar Dollies." There will also be a very good two-reel Billy Parsons comedy, entitled "Billy's Predicament. There will be evening shows at 6:45 and 8:45, and the matinee starts at 2:30.

The program for Monday, July 15, is a drama of mystery and thrills, the gripping film sensation, "Life or Honor." The cast includes such stars as Leah Baird, Violet Palmer, Harry Burkhardt, James Morrison, Edward Mackay and Ben Hendricks. There are also some of the wonderful Bruce pictures, "The Making of an American Officer." Matinee at 2:30, evening shows at 7:00 and 8:45.

You have all heard of the book "Over the Top," by Sergeant Arthur Guy Empey. Many of you have read it. It is a thrilling story of the experiences of an American boy in the trenches in France. A thrilling picture has been made from this book, and will be shown at the Palace Grand on Tuesday. Empey himself plays the leading part, and is supported by an all-star cast. Regular prices will be charged. Matinee at 2:30, two evening shows, 7:00 and 8:45.

"Naughty, Naughty!" is the title of

the play in which Enid Bennett will be seen on Wednesday. It is a play as jolly as the name implies. The heroine shows up the absurd conventions of a "one-horse" community. A fascinating story. There will also be a Mr. and Mrs. Sidney Drew comedy. Matinee at 2:30. Evening shows at 7:00 and 8:45.

The program for Thursday, July 18, presents William S. Hart in his latest great thrilling western drama, "Selfish Yates." This is a photoplay that illustrates that the right woman with the right kind of a smile can make the most selfish man in the world forget to think of himself when she's around. Harold Lloyd (Lonesome Luke) will also be seen in a dashing comedy, "An Ozark Romance." There will be a matinee at 2:30, and evening shows at 7:00 and 8:45.

### LIBRARY NOTES

The Library has just put a number of new books on the shelves including late popular fiction and new war books.

Among the latter are Gerard's "Face to Face with Kaiserism," "Over There with the Australians," "A Yankee in the Trenches," and "Raymond," by Sir Oliver Lodge. The last named is a study in psychical research.

Another new book deserving of special mention is "The Heart of O Sono San," by Elizabeth Cooper. With an historical setting of the Russo-Japanese war, the author presents a realistic and intimate picture of Japanese life and customs and the parallel between the principle for which Japan was fighting then and the one for one for which we are fighting now should appeal to every American.

A book just given to the Library by Mrs. Cora D. Snyder is Morse's Universal Geography, Part II. This book was published in 1801, thus being 117 years old. It is very interesting on account of its age and as an illustration of the wonderful advancement that has been made in printing and book making.

In planning your war gardens, don't forget to come to the library and look over the agricultural bulletins. They are filed alphabetically by subject, so that it is easy to find what you want. You will find Wickson's California Vegetables also very helpful.

In our wonderful climate, we can make our gardens continuous the year around by arranging a careful succession of crops.

### ATKINSON-DENNY

The culmination of a romance begun at a meeting of the N. P. Bank, Post and Corps over a year ago, occurred Tuesday afternoon, when Mrs. Ada Atkinson was united in matrimony to Comrade Joseph L. Denny at the residence of Mr. and Mrs. George W. Sanford, in Sycamore Canyon, attended only by the family of Mr. Sanford. The ceremony was impressively performed by Rev. C. R. Norton, Chaplain of the Department of California and Nevada G. A. R.

The Sanfords' charming home was profusely decorated with California wild flowers, making an appropriate setting for the happy event.

Both bride and groom are well known in patriotic circles in Glendale. Mrs. Denny being a color-bearer in the Woman's Relief Corps, and Mr. Denny being a veteran of the Civil War, wherein he served in the 11th Ohio Cavalry. They have taken up their residence at 419 South Verdugo Road, where they will be at home to their friends after August 1st.

Mrs. Chauncey Lake is visiting in San Francisco, where a family reunion is held on account of a brother who expects to leave immediately for "Over There."

Rev. Thomas Clary, of Minneapolis, will preach in the Methodist Church of Tropico on Sunday night, on "Good Government." Rev. Clary is a noted lecturer at the Chautauquas, and the public is invited to be present. Rev. Corey will preach in the morning.

Mrs. William La Fountain, 131 W. Acacia avenue, returned Sunday from Long Beach, where she spent several days as the guest of her daughter, Mrs. Norton Marshall. She was accompanied home by her mother, Mrs. Lucinda Hotaling, who has spent several weeks with Mrs. Marshall.

#### CHARLES E. RICH PASSES

After a lingering and painful illness, Charles E. Rich passed away very peacefully at the age of 63 years at his home at 512 Boynton avenue, Tuesday evening, July 9, 1918. He and Mrs. Rich had come to Tropico and purchased the home where he died in the hope that he would be restored to health in this climate, coming here from Denver, Colorado. Three children and their mother are left to mourn the loss of a father.

Services were conducted by officials of the Masonic Order, of which he was a member for twenty-five years, and Rev. B. C. Cory, pastor of the Tropico Methodist Church, assisted by Dr. Lamport of Los Angeles, Thursday afternoon at three o'clock in the Little Church of the Flowers in Forest Lawn Memorial Park, where interment was made, Scovern, Letton & Frey having charge.

Mrs. Louise Purnell was hostess at an elaborate three-course six-o'clock dinner, Wednesday, at her home on West Garfield avenue. The centerpiece, on the faultlessly appointed table, was composed of rare buds from the hostess's beautiful gardens. Covers were laid for Mr. and Mrs. Emery Cates and son Charles, of Oakland, Charles Kassaell and son Darwin, of Rochester N. Y., Dr. and Mrs. Samuel Pollock and son Allen, Mrs. Kassaell, and Mr. Tom Morgan, who is a member of the Coast Artillery.

The Kensington Club of the W. R. C. enjoyed a pleasant afternoon Tuesday, at the G. A. R. Hall on Glendale avenue. While the ladies plied their needles deftly in work for "our boys in khaki," J. R. Berger, of Glendale, gave a demonstration in his line of culinary, which included roast beef, pancakes, cake, and coffee. As a souvenir of the occasion, each lady was presented with a small kettle. About thirty ladies were present. The next meeting of the club will be August 1st, at "Sotoyoma," the home of Mrs. Margaret Hibbert, No. 204 S. Brand boulevard. Assisting Mrs. Hibbert will be Mes. Mayme Pollock, Elizabeth Friedgen, Lillie Hartwig and Julia Sanders.

Mrs. S. D. Van Tine of La Clede avenue, spent the first of the week at Santa Monica.

Mr. and Mrs. Ed. Brown have taken apartments in Los Angeles, to be near his work. We hope it won't be long before they will be back on Halstead street again.

Owing to the illness of the new M. E. C., the Pythian sisters postponed their installation of officers until Friday, July 19th. The Knights and their friends are most cordially invited to be present.

The Woman's Relief Corps had an unusually good business meeting yesterday afternoon. It was well attended, and all arrangements for the annual picnic of the N. P. Banks Post, Corps and Camp, to be held at Echo Park, July 26th, were perfected. The Department President, Grace B. Willard, and her secretary, Ida V. Herendeen, were the honored guests of the afternoon, and they, in their words of love, loyalty and patriotism, instilled into each officer and member of the Corps a greater desire to accomplish more and better things.

(Continued from last week)

We resumed our march at seven o'clock. Everybody was in high spirits and in the course of our conversations it became apparent that we had lost track of the time entirely. Nobody knew whether it was Monday or Wednesday or whether it was the fifth or tenth of the month. This condition became more and more general. Soldiers never know the day of the week; one is just like another, Saturday, Sunday or Thursday.

We stopped to rest at noon on a large farm but were obliged to wait in the rain for the field kitchens. Meanwhile we helped ourselves. We shot one of the cows grazing in the meadow, cut open the hide without bothering to drain the blood from the carcass. Then everybody cut off a piece of meat, still warm, which was fried in a pot cover or eaten raw with a little salt by a great many of the soldiers. This killing of cattle was repeated almost daily by the soldiers acting without orders from their superiors. As a consequence they all got stomach trouble from eating meat which was too fresh without bread or vegetables. In spite of this the practice was continued. If a soldier became hungry during a pause in the marching and found a pig, cow or lamb, he shot it, cut out a piece for his own use, and let the rest spoil.

Under a burning midday sun we marched on amid clouds of dust, along a road used by munitions columns and other units, which never gave the dust an opportunity to settle. In all the fields which we passed, fugitives had set up their camps, where they lived like poor homeless gypsies. Many came up to us and begged for scraps of bread.

We marched without resting till late in the evening and at about nine o'clock we approached the city hall of Sommepey. In and around Sommepey a battle had started. We were ordered to take a part of the north-

west section of the city. It was already dark and once more we halted. The fields all around us were covered with dead. In the middle of the streets were French batteries and munition columns. Horses and drivers had been killed.

After a ten-minute rest we started again and in double-quick step approached a little forest, in which dismounted cavalry and infantry were engaged with the enemy in a desperate hand-to-hand fight.

As a subterfuge we threw ourselves into the place with blood-curdling yells. We succeeded in the darkness in reaching the enemies' rear. The surprise attack was a success and the French, startled by our yells and by the attack, threw up their hands and surrendered. Mercy was not shown them by the infuriated cavalymen.

Whenever there appeared to be any letup of the slaughter of the disarmed soldiers by our men new horrors were enacted under the commands of the officers, who kept shouting, "No quarter, slaughter everybody." Such were the orders of our distinguished officers. We pioneers also had to take part in this cold-blooded murder of unarmed men, who had thrown down their arms when they realized the futility of further resistance. Our officers took care this time, as in many earlier and later instances, that there should not be many prisoners taken.

The pioneer has a sidearm which, according to the law of nations, must not be used because the back of this sidearm consists of a three-millimeter sharp steel saw. In peace times the pioneers are not drilled with the bayonet because this sidearm should be used only for the special duties which the pioneers perform—but the law of nations is not the law of Prussian militarism.

We were obliged to use the saw from the beginning of the war. It was in opposition to all the laws of humanity. When an enemy had this saw in his breast and the victim had long since stopped every effort of resistance and an effort was made to try and remove the deadly steel from the wound an instant and horrible death resulted.

Oftentimes this horrible weapon became embedded in the breast of a victim so firmly that the attacker, who had to have back his sidearm again would be obliged to place his foot upon the breast of his victim and use all his force to recover the murderous instrument.

The dead and wounded in horrible condition lay all around us. The moans of the wounded men would have softened a stone but not the heart of a Prussian soldier.

Not all the soldiers approved this senseless, wanton murder. Some of those officers who had ordered us to kill the French were themselves killed by mistake in the darkness of the night by their own men. Such mistakes are still being repeated almost daily and I could cite many names and places to bear out this testimony.

On this particular night a captain and a first lieutenant met their fate. A second-year infantryman stabbed the captain in the abdomen and the first lieutenant received a stab in the back. Both died in a few minutes. Neither of their slayers felt any remorse and none of us felt inclined to reproach them. We all knew that two murderers had received their just deserts.

Another instance requires me to run somewhat ahead of the sequence of events. As I talked to a comrade of my company the next day I asked him for a pocketknife and in reaching into his pocket he pulled out three cartridges. I was surprised that he should carry cartridges in his trouser's pocket and asked him if he had no room in his belt.

"I have," he said, "but these three have a special mission. There are names of the intended victims on these bullets."

Some time later after we had become good friends I asked him again about the three cartridges. He had only one left. I thought about it a great deal and in my mind went over the noncommissioned officers, who, before war was declared had treated us like animals and whom we had hated as only human fiends can be hated. Two of these had found their grave in France.

The murder of Frenchmen who had surrendered continued as long as an enemy was alive. Then we received orders to determine if the enemies lying on the ground were all dead and unable to fight. If anyone was found simulating death it was ordered that he be killed. But the soldiers had lost some of the fever which had seized them during the battle and refused to obey this order. How they felt about it was illustrated by the remark of a member of my company:

"We had better look once more and see if the two officers are really dead and if not they ought to be killed without mercy for a command is a command."

We now advanced quickly but our part in the battle was over as the entire French line had retired to make a fresh stand, two kilometers west of Sommepey. The city was mostly in flames. The enemy artillery bombarded the town without intermission and shells burst all around.

# California Faces Sugar Famine

## Individual Saving Will Avert It

### SUGAR MUST BE SAVED!

A teaspoonful means nothing. You say. Let a heaping teaspoonful saved each meal for 120 days for each of the 100,000,000 persons in the United States makes a pile as big as the Woolworth building—enough to supply the entire armed forces of the nation.

TAKE THIS OFF THE TABLE

### U. S. Food Administration Urges Every Patriotic Person to Cut Down the Consumption of Sugar That Serious Condition May Be Avoided

Nothing short of rigid economy in the use of sugar in the homes will prevent exhaustion of California's supply before August 1.

California's sugar ration for July for all purposes is approximately 12,000,000 pounds less than normal.

Housewives are warned that it is highly unpatriotic as well as a violation of the law punishable by fine and imprisonment to have on hand a supply of sugar in excess of three pounds for each member of the household. For instance, if there are four in the family the maximum supply would be 12 pounds or the allowance for 30 days. This, however, does not include sugar designed for canning. For the latter purpose 25 pounds may be secured at a time by signing a certificate in which the purchaser agrees to use the sugar for canning purposes. Not more than this amount should be in any household at any one time except by special permission of the local administration.

All sugar purchased for canning will be carefully checked and if it is found that any individual has purchased what appears to be an excessive supply he will be called upon to show the goods canned and his, or her, failure to produce the canned goods will result in prosecution.

The sugar situation is serious and every ounce saved is of vital importance. Every person in California should constitute himself or herself a saver of sugar.

Manufacturers, grocers, restaurants and bakers have been allotted definite amounts and those who exceed their quotas will be forced to do without sugar for the balance of the allotment period.

The food administration announces that the seriousness of the sugar situation is such that hoarding in the households and elsewhere will be met with prompt and drastic punishment. A corps of federal inspectors have been assigned to the work of checking up individual purchases. Those found guilty are liable to a fine of \$5000 or two years' imprisonment, or both, under the food control bill. Their names will also be made public.

The needs for strict conservation of sugar are as imperative for the present as the necessity of wheat saving, and because of the loyal co-operation of the public in conserving wheat the food administration believes that, with the public understanding the situation, observance of the new regulations restricting consumption to three pounds per person a month as a maximum, will be uniform and that patriotism will prevent hoarding any undue amounts of the commodity. Every effort will be directed toward insuring equitable distribution of the limited supplies to all.

In response to a widespread request of hotel and restaurant men for the abolition of the sugar bowl from the tables of public eating places, the food administration has arranged for a meeting with those involved for consideration of the advisability of such a step. Many dining places have already eliminated the sugar bowl and are serving individual limited portions in envelopes, which has resulted in a big saving.

Sale of sugar for home canning and preserving will be strictly supervised under the new regulations, but it is believed that sufficient sugar will be available to prevent any loss of fruit or berries.

The Navy needs these "eyes" to derive the submarine of its sting and it has requested the California State Council of Defense to help it obtain them. Commissioning hundreds of new ships for naval service has created a demand for observation glasses far in excess of the present American output. The only way to insure an adequate supply while the manufacturers of lenses are speeding up production is by appealing to the patriotism of private owners.

The Government pays a nominal fee of \$1.00 for each glass accepted and the donor is further rewarded by knowing that his patriotic contribution may be the means of saving thousands of troops in transport and also of saving much-needed shipping from destruction.

Old, scuffed telescopes or field glasses may possess first class lenses, so don't be chary about forwarding them regardless of appearance.
